

UPRIGHTS & HORIZONTALS

We offer a selection of slip-lock adjustable uprights that range from 2'-3' to 14'-24' high, as well as standard non-adjustable uprights. Because every room is different, we offer a complete selection of adjustable horizontal drapery supports ranging from 2-3' to 9'-16' wide.

STANDARD UPRIGHTS

- » Non-adjustable
- » Each equipped with four slots positioned every 90°
- » 8' height has additional slots at 3' high
- » A chrome end cap comes standard on all 3' uprights
- » 1 1/2" outside diameter
- » Other heights and extensions available

HEIGHT	BASE	PIN	USES
3'	B814	1.5" x 3"	dividing trade show booths, crowd control
6'	B1416	1.5" x 3"	
8'	B1416	1.5" x 3"	standard upright
10' (sales only)	B181838	2" X 6-8"	

TELESCOPING UPRIGHTS

- » Easy to set up and adjust without tools
- » Unique slip-lock collar locks automatically when inner pole is raised or lowered
- » Two-piece top pole has 2" outside diameter
- » Three-piece top pole has 1 5/8" outside diameter

Using telescoping uprights can make set up easy, quick and effortlessly adjustable.

HORIZONTALS

- » High-strength aluminum
- » Heavy-gauge zinc-plated steel hook
- » Can be used at any length between fully collapsed and maximum stop
- » Collapsed length of 5' or longer can extend one foot over maximum stop
- » Minimal snagging of drape during installation & removal
- » The rule of thumb is to use a horizontal that is 1' less than the desired hanging length.
